

Company Profile

Prakash Trading Co (PTC), established in 1963, has been at the forefront of the electrical engineering market for almost 60 years. It is an undisputed leader in the region for electrical products and caters to multiple sectors including electrical, oil and gas, fire-fighting, air-conditioning and industrial contractors. It also serves various export markets in the GCC, Africa, CIS countries and the Indian sub-continent.

With multiple branches throughout the UAE as well as a central logistics facility measuring 225,000.0 sq.ft. located in Dubai Investments Park, the company can provide a wide range of electrical products at short lead times. This includes cables and wires, cable management systems, low voltage switchgear and automation components, lighting, earthing and protection systems, renewables and electric mobility.

The company is an authorized dealer for various leading brands from different parts of the world including ABB, HAGER, SCHNEIDER ELECTRIC, DUCAB, PRYSMIAN, BICC, GEWISS, PHILIPS, OSRAM, TRIDONIC, FLEXICON, and FURSE.

Apex Trading Co., established in 1974, is one of the leading companies based in the UAE in the field of Piping, Mechanical and Sanitary products. The company caters to various industries including electro-mechanical to civil contractors, fire-fighting contractors, air-conditioning contractors, fabricators and oil and gas companies. We are committed to quality and constantly endeavor to deliver high quality products which are sourced globally from leading manufacturers

The company operates from multiple locations in the UAE - a main showroom in the heart of Deira, a central warehousing facility in Sharjah, and an office cum warehouse facility in Abu Dhabi. The total storage capacity is currently in excess of 85,000 sq.ft. across all locations to ensure short lead times for any customer requirements across the UAE. The operations are supported by a technical sales team to offer the latest products meeting all specifications suitable for the application.
