

Motion and presence detectors

Hager's new generation of sensors combines accurate detection, stylish minimalist design and modern control technology offering you a whole new set of energy saving potential and convenience.

Whether at home or in company premises: energy can be saved with needs-based lighting. This is exactly what our new generation of devices, motion and presence detection, can combine in one device. The new detectors are small and have a long life. And they are quickly assembled and adjusted.

PIR motion and presence detectors

More capabilities, less consumption

Hager's new generation of floating and surface-mounted sensors combine motion and presence detection in one device.

| Description | P.U. | Cat ref. |
|--|------|---------------|
| Movement detector 360° surface mounted | 1 | EE804A |
| Movement detector 360° flush mounted | 1 | EE805A |

EE804A

Indoor motion detectors are made for automatic control of lighting in both the residential and industry sectors. They automatically switch on lighting in case a person in movement is detected and light is needed, then turn off the light after a preset duration.

PIR motion detectors

| Description | P.U. | Cat ref. |
|-----------------------------|------|--------------|
| Detector 360° wall mounted | 1 | EE804 |
| Detector 360° flush mounted | 1 | EE805 |
| Automatic switch 2-wire | 1 | 2995 |
| Automatic switch 3-wire | 1 | 2996 |

EE804

Presence detectors have a high sensitivity to detect the smallest movements in the room. They thus allow significant energy savings in places where the user is in a quasi-static position such as offices, waiting rooms, etc.

PIR 360 degree

| Description | P.U. | Cat ref. |
|--|------|--------------|
| Presence detector 360° monobloc | 1 | EE815 |
| Presence detector 360° monobloc DALI/DSI | 1 | EE816 |

EE815

Dual-eye 1 channel

| Description | P.U. | Cat ref. |
|----------------------------------|------|--------------|
| Presence detector 360° 1 channel | 1 | EE810 |

EE810

Dual-eye 2 channels

| Description | P.U. | Cat ref. |
|----------------------------------|------|--------------|
| Presence detector 360° 2 channel | 1 | EE811 |

EE811

Dual-eye 1/10 V

| Description | P.U. | Cat ref. |
|------------------------------|------|--------------|
| Presence detector 360° 1/10V | 1 | EE812 |

EE812

Accessories

| Description | P.U. | Cat ref. |
|---------------------------------------|------|---------------|
| Surface mounting box for EE810/EE811 | 1 | EE813 |
| Remote control settings presence det. | 1 | EE807 |
| Remote control customer presence det. | 1 | EE808 |
| Backbox for Surface BESA detectors | 1 | EEK005 |

EE813

Outdoor motion detectors offer further security when combined to the house alarm system or by bringing light in potentially dangerous places like stairwells.

Outdoor PIR detectors

| Description | P.U. | Cat ref. |
|---------------------------------|------|--------------|
| IP55 Motion detector 140° white | 1 | EE820 |
| Motion detector 200° white | 1 | EE830 |
| IP55 Motion Detector 360° White | 1 | EE840 |

EE820

Outdoor enhanced PIR detectors

| Description | P.U. | Cat ref. |
|------------------------------------|------|--------------|
| Motion detector comfort 220° white | 1 | EE860 |

EE860

LED deco lamp with PIR
